

# THE EUROPEAN NETWORK OF COMPETENCE CENTRES FOR INNOVATION PROCUREMENT

## INTRODUCING PROCURE2INNOVATE

MARLENE GRAUER

27 NOVEMBER 2018, VIENNA

## Procure2Innovate will:

- **Build a permanent network of competence centres** to facilitate networking, knowledge sharing, collaboration and best practice exchange on innovation procurement.
- **Support five existing innovation procurement competence centres** to enlarge their scope, further increase their impact and enhance their service offered to public procurers.
- **Establish five new innovation procurement competence centres** and guide them in effectively addressing public procurers and increasing the efficient use of procurement of innovation.
- Support the competence centres in developing expertise to facilitate **cross-border co-operation and joint procurement**.
- **Communicate and disseminate the tools, approaches and results** developed by the competence centres at European level, giving public procurers/ stakeholders in all EU Member States access to expertise and knowledge on innovation procurement.

# A truly European network

- 17 project partners from 10 countries
- Five existing competence centres:  
Austria, Germany, the Netherlands,  
Spain and Sweden
- Five new competence centres:  
Estonia, Greece, Ireland, Italy and  
Portugal

# Recruitment of more competence centres

To expand the network and increase our impact, we're looking for organisations that want to establish new competence centres on innovation procurement to engage with Procure2Innovate activities.

Engage with the P2I network today!
